Jack Stevens, LPC  
Lawrence Mental Health Facility  
XXX Raymond Avenue  
Detroit, MI 48201

**Dear Mr. Stevens:**

This serves as my letter of intent for a Practicum and/or Internship at your training site in order to complete my MSW field experience requirements. I am impressed with your reputation as a leading provider of mental health services in the Detroit area since 1978.

I am currently enrolled in a CSWE-accredited MSW program at Walden University, a regionally accredited institution committed to counselor excellence. Faculty at Walden University are scholar-practitioners with credentials from top national universities. I have achieved a 3.5 GPA and completed coursework in Introduction to Social Work, Essential Skills for Social Work Practice, Human Behavior and the Social Environment, and Diversity, Human Rights, and Social Justice.

I bring knowledge of working with individuals, groups, and communities from a strengths perspective. I understand the NASW code of ethics and its importance to my work as a social work practitioner. I have volunteered at a domestic crisis center for over a year and I am certified in domestic violence advocacy. My technology, organizational and communication skills acquired during ten years of prior administrative experience will also help me contribute to your team of social work professionals.

As I approach the end of my graduate program, I am eager and ready to apply theory to practice. Enclosed you will find my career portfolio which includes a resume, a detailed description of the Master of Social Work program at Walden University, and Field Experience requirements.

I greatly appreciate your consideration of my application. Additional information about the Walden University MSW field experience requirements can be found at <https://academicguides.waldenu.edu/fieldexperience/sosw>. I'm looking forward to further discussing field opportunities at your facility.

Sincerely,

Sarah P. Wilson
