Ms. Kristine Chapman, FNP
Primary Care Associates
111 Falcon Drive
Detroit, MI 48206

Dear Ms. Chapman:

Please accept this letter as application for practicum rotation at Primary Care Associates to complete my Master of Science in Nursing (MSN) practicum course requirement. I am currently enrolled in a CCNE-accredited MSN Family Nurse Practitioner program at Walden University. I have achieved a 4.0 GPA and completed the coursework needed to prepare for my practicum, specifically Advanced Pharmacology, Advanced Pathophysiology, and Advanced Health Assessment and Diagnostic Reasoning. Primary Care Associates has a reputation in the community for providing high-quality medical care. This is the standard of excellence that I aspire to achieve as a nurse practitioner.

I have six years of experience as a registered nurse; three years on a medical-surgical floor and two years in the medical ICU. My most recent experience has been in a primary care clinic where I worked with several nurse practitioners. All of my clinical experiences have laid the foundation for the pursuit of my family nurse practitioner certification.

Through my MSN program, I developed a stronger understanding of the complexities of the nurse practitioner role and the clinical skills needed to be successful. I am inspired by my faculty at Walden who are scholar practitioners with credentials from top national universities. My commitment to Walden's social change mission has led me to volunteer at the Red Cross where I apply my nursing skills to lead emergency response initiatives in my community. I am also an active member of the American Nurses Association, having attended over 25 professional development activities, co-presented at a conference, and volunteered at local events.

I greatly appreciate your time and consideration. If you have additional questions regarding requirements for this practicum requirement, Walden University, or the Family Nurse Practitioner program, you may review additional information on Walden's School of Nursing Field Experience website at <https://academicguides.waldenu.edu/fieldexperience/son>. If you would like to speak with the Field Experience Office, you may email them at nursingfield@mail.waldenu.edu. I am looking forward to further discussing my qualifications with you.

Sincerely,

Linda C. Jackson
