Dear Jeremy Bayer ,

I am writing today to recommend Jeremy Bayer. Jeremy has been a key member of The National Society of Leadership and Success Chapter (NSLS) at Walden University and has completed a rigorous leadership training program through our organization.

Through many hours of hard work and after evaluations by both the staff at their college and our National Office, Jeremy has been awarded the Foundations of Leadership Certification. The NSLS is the nation's largest leadership honor society, providing over two million members with life-changing certification programs, personal growth, and professional development resources.

To achieve induction in the NSLS, Jeremy committed to attending leadership training focused on collaborative teamwork, goal setting, high achievement, leadership skills and styles, self-motivation, and accountability. These exemplary qualities are aligned with employees who are poised for success. Instead of needing to acquire such skills on the job, Jeremy will come to your organization with them already developed.

Since joining, Jeremy has attended training broadcasts with leaders such as Adam Grant, Lindsey Vonn, Arnold Schwarzenegger, Deion Sanders, Matthew McConaughey, Dr. Bernice King, Daymond John, Robin Roberts, and more. Additionally, through bi-weekly networking team meetings, Jeremy has learned how to engage a peer group to increase performance while completing a journal to document progress and goals.

Members, such as Jeremy, who complete our leadership program, have proven to be well-prepared for the next step in their professional journey.

Very truly yours,

Gary Tuerack
