-

PROFESSIONAL EXPERIENCE

Health Policy Analyst

National Governors Organization | Washington, D.C. | Feb 2018 - Present

- Conduct evidence-based research on opioid addiction to impact state policy development.
- Synthesize complex policy issues and repurpose research for multiple audiences, including partner organizations and policymakers.
- Organized 20+ large scale events with governors' health advisors, cabinet members, and high-ranking policymakers to foster collaboration and thought leadership.

Policy Analyst

Stratton Family of Agencies | Washington, D.C. | Jun 2013 - Jan 2016

- Conducted quantitative research and analyzed data, policies, and budgetary reform initiatives at the state level.
- Engaged in advocacy activities to mobilize support for child welfare, education, and mental health policies at the local, state, and federal level.
- Built relationships with advocacy organizations, legislators, and policy makers to represent the organization in the legislative process.
- Served on the Employee Resource Committee to support diversity, equity, and inclusion within the organization.

Community Engagement Coordinator

AMR Group | Philadelphia, PA | Jun 2010 - May 2013

- Supported the public policy director and two senior advocates in areas of civil engagement, community outreach, and legislative advocacy.
- Contributed disability policy content to AMR's website, social media platforms, and internal newsletter.
- Developed public policy presentations, organized webinars, and crafted correspondence to promote disability policy education.

- Coordinated 100+ volunteers for local and state events and helped organize three large-scale advocacy events at the state capitol.
-
